RAKIBUL ISLAM SHAWON

Dhaka, Bangladesh | rishawon360@gmail.com | LinkedIn: /rakibul-islam-shawon360/ | GitHub/Portfolio: /rishawon360

PROFESSIONAL SUMMARY

Entry-level Data Analyst with a background in Botany and scientific research, combining analytical thinking with technical skills in SQL, Python, Excel, Power BI, and data visualization. Skilled at transforming raw data into meaningful insights, identifying patterns, developing dashboards, and communicating findings clearly to support data-driven decision-making.

TECHNICAL SKILLS

Data Analytics: Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Statistical Analysis, Trend Analysis, KPI Analysis

Programming & Querying: SQL, Python, Pandas, NumPy

Business Intelligence: Power BI, Microsoft Excel, Data Visualization, Dashboard Development

Research & Analytical: Scientific Research, Quantitative Analysis, Problem Solving, Critical Thinking, Report Preparation

Additional: HTML, CSS, JavaScript, Web Development

PROFESSIONAL EXPERIENCE

Science Teacher & Media Advisor | Medhakosh Academy | Bangladesh | Jan, 2026 – Present

- Analyzed student learning needs and academic performance patterns to support targeted teaching strategies and educational decision-making.
- Organized and interpreted academic information to develop structured learning materials, assessments, and performance-focused content.
- Applied analytical thinking to identify learning gaps and communicate complex scientific concepts clearly.

Science Teacher & Coordinator | Genius Academy | Bangladesh | Jan, 2024 – Dec, 2025

- Coordinated academic activities and monitored learning progress to support effective academic planning.
- Organized educational information and performance-related records to improve coordination and student support.
- Applied structured problem solving to improve lesson planning, classroom communication, and student engagement.

Sub-editor Intern — Content Writing | Dainik Shorobor | Bangladesh | Mar, 2023 – Sep, 2023

- Reviewed, edited, and organized written content for accuracy, clarity, structure, and publication quality.
- Researched information from multiple sources and synthesized findings into concise, reader-focused content.

DATA ANALYTICS PROJECTS

Data Analysis & Visualization Portfolio | Python, Pandas, NumPy, SQL, Excel, Power BI

- Analyzed structured datasets using Python, Pandas, and NumPy to clean, transform, explore, and interpret data.
- Used SQL to filter, aggregate, and extract relevant information for analytical reporting.
- Created Excel and Power BI visualizations to communicate analytical findings through clear dashboards and KPI-focused reports.

Exploratory Data Analysis Project | Python, Pandas, NumPy, Excel

- Performed exploratory data analysis to identify missing values, inconsistencies, distributions, trends, and potential outliers.
- Cleaned and transformed raw data into analysis-ready datasets using structured data-preparation techniques.
- Translated analytical findings into actionable insights through charts, summaries, and data-driven interpretations.

EDUCATION

Bachelor of Science in Botany | University of Dhaka | Dhaka, Bangladesh | Graduated: 2025

Relevant areas: Scientific Research, Data Interpretation, Quantitative Analysis, Environmental Science, Biological Data Analysis, Scientific Reporting

ADDITIONAL EXPERIENCE & LEADERSHIP

- 8+ years of experience in teaching and educational support.
- Experience supporting learners with academic development and career-oriented guidance.
- Experience in educational coordination, advisory activities, and youth-focused initiatives.
- Experience in content writing, editing, educational content development, and scientific communication.

CORE COMPETENCIES

Data Analysis | SQL Querying | Python Data Analysis | Data Cleaning | EDA | Excel Analytics | Power BI | Data Visualization | Statistical Analysis | Research | Critical Thinking | Problem Solving | Technical Communication
